Chinese University of Hong Kong  
Architecture Department:  
Habitation Studio, 2005

University of Oulu:  
Nordic Design, 2004

## Experience

### Project Coordinator, Kirksey Architects

2017 - Current

Participate in programming and user group meetings, assist with space planning, 3D modeling, interior renderings, full mock-ups of procedure rooms for clients, consultant coordination in the DD and CD phases, and helped the team from design schematics to construction documents on a range of healthcare projects and medical office buildings.

Also, helped managed a few small scale clinic projects from production of construction documents thru administration, which includes weekly site meetings, submittals, RFIs, ASIs, meeting minutes, and field verification.

Other task to help develop the firm and employees include: helping train new employees on Revit and company standards, being part of a power user group for Revit development and attending CREW networking events.

### Architectural Intern, Gresham Smith + Partners

2015 - 2017

Helped the team from design schematics to construction documents on various healthcare projects with Healthcare Corporation of America and HealthSouth.

Also, assisted with exterior design schematics, design charrettes with teammates, and 3D modeling in Revit.

### Architectural Designer, Planning Design + Research

2014 - 2015

Provided strategic planning for space plans (2 Buildings - 17 Floors)

Collaborated with divisions within Exxon Mobil to receive endorsement approval of space plans. Assisted with construction documents in Revit and LEED management.

### Architectural Intern, 100 Fold Studio

2011 - 2014

Collaborated with clients and community members about their future needs and vision through participator methods. Helped designed overall master plan for school campus, site documentation and survey, researching international culture, building process and materials, space planning, 3D rendering in Rhino, presentation boards for clients, assisted with construction documents, and design build with contractor.

Assisted in construction of a residential home from a family in need in Ensenada, Mexico. Collaborated with coworkers to design and build a cabin for a local camp in Montana.

### Interior Designer, The M Group Architects

2007-2009

Managed small commercial interior projects from space planning, interior finish selection and boards, construction documents, and construction administration. Helped firm develop LEED Standards and sustainable interior materials choices.

## Education

### The University of Cincinnati, Cincinnati, Ohio

2009-2013

Masters of Architecture, M. Arch  
(Merit Scholarships, Graduate Assistant, and Undergraduate Studio Reviewer)

### The University of North Carolina at Greensboro, Greensboro, NC

2001 - 2005

Bachelor of Science, Interior Architecture
